

Ratings and Reviews

To rate a book and/or other Library material, you must first log in to your online account and locate the material in the Catalog.

Once the material is located, click on the "Reviews" tab next to the "Title Details" tab.

Under this tab, you may view any reviews and ratings already given to a particular title, or may submit your own review by clicking on the "Add Review" button.

Once you click on the "Add Review" button, you must first give the material a star rating. You are not required to write a review, but we strongly urge you to do so for the benefit of other Patrons.

Once you have finished writing your review, click on the "Save" button. The review will then be submitted to the Library staff for approval.

Guidelines and policies for writing a review are as follows:

- ❖ Foul language, racial slurs, and sexual remarks will NOT be tolerated.
- ❖ Please be courteous when writing a review. Reviews written in a hateful or defamatory manner will not be approved.
- ❖ Please keep your review within a reasonable size. Reviews considered unnecessarily long may be edited.
- ❖ Note that the Library Staff reserves the right to edit and/or remove any review without warning.

Please note that all reviews are anonymous. No personal information is sent when a review is submitted for approval and no personal information is given if the review is posted in the Catalog.
